Approved science-based target

The Science Based Targets initiative has validated that the corporate greenhouse gas emissions reduction target(s) submitted by

Port of Rotterdam Authority

have been deemed to be in conformance with the SBTi Criteria and Recommendations (version 4.2). The SBTi's Target Validation Team has classified your company's scope 1 and 2 target ambition and has determined that it is in line with a 1.5°C trajectory.

The official target wording is:

Port of Rotterdam Authority commits to reduce absolute scope 1 and 2 GHG emissions 90% by 2030 from a 2019 base year. Port of Rotterdam Authority commits to reduce absolute scope 3 employee commuting and business travel GHG emissions 60% over the same target timeframe. Port of Rotterdam Authority commits to reduce absolute scope 3 purchased goods and services GHG emissions 45% over the same target timeframe. Port of Rotterdam Authority commits to reduce absolute scope 3 use of sold products and services GHG emissions 20% over the same target timeframe.*

**The target boundary includes land-related emissions and removals from bioenergy feedstocks.*
